**Basic Liability:** This is the minimum amount of liability that Sergeant Mover (or any moving company) must offer to any customer when transporting goods at no extra charge. If any article is lost, destroyed, or damaged while in our custody, the mover's liability is limited to .60 per pound of the actual weight of the lost, destroyed, or damaged item.

**Full Payment:** Customer agrees to and must pay in full at completion of move. If all amounts owed or if the form of payment given upon completion of the move fails to process, there will be a \$100 penalty charge. There will also be a 1% interest rate added per month until the balance is paid.

**High Risk Moving:** If we are requested to perform a task that we feel is high risk or even impossible then Sergeant Mover will not be responsible for any damages caused. (Example: Fitting an oversized item through a tight hallway/doorway/ stairwell/ or window.)
